JANUARY 2023 EDITION

FREE HAIRCUTS The Rescue Me Project hosted an event at our facility "Grooming for Success" for male students on Tuesday, January 3rd.

We had 13 professional barbers come together to provide haircuts to 55 young men! Our goal was to provide 100 haircuts, however, we were not able to do so because of the threat of severe weather. We decided to extend the event for the remainder

of that week to provide 45 more FREE haircuts. Our goal was met, and we are beyond grateful for everyone that helped to make it possible.

This event is sponsored by: The Rescue Me Project, The Knight Family and partnered with several local barbers.

SHEFFIELD — Some of the most skillful hands in the Shoals converged on the Rescue Me Project Center on Tuesday to deliver stylish back to school haircuts for free.

Back to school haircuts bring smiles, selfies

“GROOMING FOR SUCCESS”

The result was more than a dozen barbers who worked so enthusiastically, setting up their makeshift shops in the gymnasium of the Rescue Me Project Center.

THE Z-FACTOR LEADERSHIP PROGRAM®

The Z-Factor Leadership Program is a program of The Rescue Me Project, a 501c3 organization formed specifically to expose alternative and promising life options for our local youth to discover their own greatness and set new expectations for themselves and their future.

Our mission and goal is to empower and inspire them to become leaders and changemakers in their personal lives and the communities in which they live. We desire to promote and nurture a shift in their thinking about themselves, their behaviors, attitudes and relationships. The organization focuses on boys and girls in grades 5 through 12 in the Greater Shoals Area.

Activities and Lesson Topics Include: Self-Management, Self-Awareness, Social-Awareness, Responsible Decision Making, Relationship Skills, Goal Setting and Achievement, Community Service, and More!

Through partnerships with leaders in the community, we provide mentorship opportunities for those who are committed to creating a vision that pushes them beyond their current reality.

We have several service projects in the works and the students are taking the lead on all of them! They came up with solutions for different obstacles we will face in making these service projects work including; supplies that will be needed, advertising options, and ideas for finding volunteers, donations, and more. Everyone is super excited about these service opportunities!

*We're so grateful for this wonderful plaque presented to **The Z Factor Leadership Program!** We love working with the students and staff of **Sheffield Junior High School!** Thanks again!*

SPECIAL THANKS

JUVENILE UPLIFTING MENTOR PROJECT

GROUP LEARNING SESSIONS

We are beginning the new year with so many exciting things planned to help educate and assist our kids! The mentor schedule remains weekly on Tuesdays currently from 4:45pm – 7:15pm.

There has been 7 volunteer applications and 9 mentee applications in this month. We have 50 kids and 21 volunteers that are actively enrolled at this time.

Monthly food partners are lined up for the year, apart from 5th Tuesdays at this time! Thank you in advance to Chick-Fil-A, Ekklesia Ministries and Champy’s for your consistency and willingness to serve us with whatever we need.

COOKING CLASS

Sessions this month included lessons on Self Discipline, Overcoming Failure, Anger; Recognizing warning signs, positive psychology techniques that focus on gratitude, kindness, and a sense of meaning or purpose! We assist with homework, tutoring and group therapy sessions weekly! Our special classes include a Cooking class, Music Production class and Art class! The mentees completed an activity where they had to get to know each other better by asking a series of questions about each other in hopes to improve their social skills and become more aware of individuals they share common interests with. They are now preparing to honor black history month in the upcoming weeks by researching and learning about history and they seem so excited!

MUSIC PRODUCTION STUDIO

Our goal for this year is to mold our kids into independent leaders that want to give back to their community just as much as their community has given to them through service projects, kind acts and positive activities. We plan to spend more time strengthening our connections with one another, so they have a solid support system. The team has evolved where we can be more active in our roles and creating more structure and consistency. Weekly/Monthly reports will continue to go to our parents about the lessons and improvements their child makes as they continue to join us at JUMP! We will have more parent meetings to assist in making sure we are on the same page by setting proper expectations and helping to develop the dynamics between them and their child or children on all levels.

GROUP LEARNING SESSIONS

THE GAME ROOM

The game room has become one of the perfect meeting spots. Phenomenal conversations, and moments are always created between the students, and mentors in this room. We compete, laugh, and have a whole lot of fun!

THE GAME ROOM

DID YOU KNOW?

Benefits of Mentoring for Young People is often one component of a program that involves other

THE GAME ROOM

elements, such as tutoring or life skills training and coaching. The supportive, healthy relationships formed between mentors and mentees are both immediate and long-term and contribute to a host of benefits for mentors and mentees.

CREATING LIFETIME MEMORIES

We appreciate the support of each one of our partners and sponsors. Through your willingness to give it allows us to support and reward the mentees with monthly and quarterly outings as well as small tokens on their birthdays, through making good grades, having positive attitudes and weekly

ARTS AND CRAFTS CLASS

participation. It allows us to support them in ways they need and introduce them to new experiences. It gives us pleasure to say we are continuing to grow to the point we need additional means of transportation to accommodate all the kids that want to be a part of what we are building!

RMP
THE RESCUE ME PROJECT

We are a "seed planting" organization. We have seen the harvest in many of the young people who have participated in our programs. They have improved behavior, grades, school attendance, high-school graduations, college acceptance, employment during and after high-school. Several have returned to help mentor some of our younger participants.

ABOUT US

Our organization and programs provides a hope journey prospective to bring hope into the lives of others through public speaking, mentoring, educational curriculum, and more!

MISSION COMPLETE

Program: RMP / Hope Mentoring:

*“Sunday, January 22nd, we celebrated two of our students that **successfully completed** our three month program. This accomplishment required intense commitment to adopt a positive mindset for a successful life, and more..”*

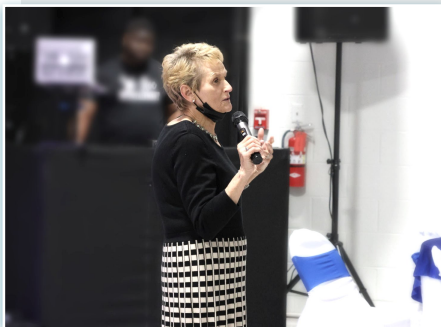

Phenomenal session this month at the Tennessee valley juvenile detention center.

NEVER GIVE UP

Topic: What really matters?

Often in life we focus on things that don't encourage, uplift, and build. The moment we learn what really matters in life, we become a step closer to living in our destined purpose.

THE FIGHT IS OVER

*“After battling cancer over the past year, the fight is officially over!” Mrs. Jackie is **CANCER FREE!!!!***

EVERY team needs a Mrs. Jackie! She's definitely one of the backbones of RMP! We're so proud of you!

CONGRATULATIONS!!

THANK YOU...

MAKING A IMPACT TOGETHER

“We are so very grateful for our continuous supporters.” - Angel Malone, RMP VP

*It's our goal to positively impact the lives of our community. Thanks again for helping us to make this possible!
